D: +1-650-473-2697

akhorana@omm.com

Adit Khorana represents clients in the structuring and negotiation of complex domestic and international technology transactions, including strategic alliances, joint ventures, and other collaboration and partnering arrangements, acquisitions and spin-offs, licensing, development and distribution arrangements, and litigation settlements. Additionally, he provides strategic counseling regarding all aspects of intellectual property and technology law.

Adit advises technology companies, from start-ups to Fortune 100 corporations, with particular emphasis on semiconductor, mobile/wireless, artificial intelligence/machine learning, robotics, virtual/augmented reality, cloud computing, big data, Internet, computer hardware/software, and consumer electronics companies. Adit also regularly counsels emerging technology companies regarding business and revenue models and strategies, as well as a broad range of technology and intellectual property issues.

While attending Stanford Law School, Adit served as an editor of the *Stanford Law & Technology Review*.
