Google Prevails in Earth Mapping Technology Trial

May 27, 2016

SAN FRANCISCO — May 27, 2016 — O'Melveny prevailed for client Google when a jury in the U.S. District Court in Delaware ruled Friday that the technology used by Google Earth to render high-resolution images of the earth does not infringe a patent held by a German company and found the patent to be invalid over prior art.

The O'Melveny team included Darin Snyder, Brett Williamson, Luann L. Simmons, David S. Almeling, Mark Liang, Mishima Alam, and John X. Zhu.

About O'Melveny

O'Melveny's clients shape markets, set precedents, and break boundaries. They are stalwarts and innovators, the names you trust and the next big thing. And for more than a century, O'Melveny has been right beside them, kicking down walls and putting up defenses to help our clients achieve their most important goals. With approximately 700 lawyers in 15 offices worldwide guided by the principles of excellence, leadership, and citizenship, we uphold a tradition of treating our clients' challenges and opportunities as our own. What do you want to achieve? For the answers, please visit www.omm.com.
