## JLABS Legal Webinar Series for Life Science Entrepreneurs - Best Ways to Protect Your Innovation

July 16, 2020

Founders of startups may face many new challenges in the evolving startup environment due to the COVID-19 pandemic. While founders need to focus on fundraising, science, and building their team, they cannot ignore the legal functions that can help protect their business during uncertain times. In this [series](#) from Johnson & Johnson Innovation – JLABS, lawyers from O'Melveny and Allen & Overy will give hands-on advice on raising capital, setting up strategic collaborations, improved IP and trade secrets strategies, and business preparedness.

O'Melveny litigation and life sciences partner Dr. Hassen Sayeed will join Episode 3, Best Ways to Protect Your Innovation, on Thursday, July 16, 2020, at 8:00 am PST to discuss patent law considerations such as conditions for protection and challenges for personalized medicines, new trade secret legislation, and factors influencing the ability to benefit from trade secret protection.

Registration is available [here](#).
