Overview

Finding a law firm up to a trade secrets matter's challenges—which include varying jurisdictional rules, multiple intersecting areas of law, and quickly changing technologies—can be as daunting as the dispute itself.

Enter O'Melveny. We take a unique, cross-disciplinary approach that spans intellectual property, employment, white-collar criminal law, and other legal disciplines. Drawing on our vast resources in virtually every area of law and every jurisdiction—including lawyers with advanced technical degrees—we field legal teams customized to the needs of each matter.
