## Overview

O'Melveny has an unrivaled track record in working with clients to successfully resolve ERISA cases through motions, settlements, and an active trial practice.

In this complicated area of law, we also offer keen insight into what events trigger litigation, how courts interpret fiduciary obligations, and what best practices to employ to minimize liability risk.

Our preeminent ERISA team includes partners with more than 50 years of combined experience who have argued before federal district and appellate courts throughout the United States, including a former associate solicitor of labor for the Plan Benefits Security Division and a former solicitor of labor.
