O'Melveny's win for an open-source blogger and advocate was highlighted in this *Bloomberg Big Law Business* [article](#).

"A developer of linux security patches has to pay a blogger \$260,000 in legal fees after losing its defamation case against the blogger, a California appeals court ruled," the article said. "O'Melveny & Myers and Electronic Frontier Foundation represented the blogger, open-source advocate Bruce Perens, a co-founder of the Open Source movement."
